

BLTR005 - SQUARE TRAMPOLINE (M)

The in-ground trampoline has a jumping surface of 150 x 150 cm, black, made of synthetic plastic components.

The installation frame is made of hot-dip galvanised steel plate and a rim of impact-absorbing rubber slabs, in accordance with DIN EN 1177.

The trampoline complies with standard MSZ EN 1176-1:2018.

A free space of 200 cm must be provided around the jumping surface up to a height of 350 cm measured from the jumping surface. The equipment may only be used by one person at a time.

Recommended age: 3–14 years.

Overall dimensions: 200 x 200 cm

Safety area: 550 x 550 cm

Fall height: 100 cm
